⚡ Flexible Cables ⚡ Aluminium Cables ⚡ V.I.R. Cables ⚡ Sub-Mersible Cables

- ✓ Safety
- ✓ Security
- ✓ Reliability

VASAVI INDUSTRIES is one of the leading manufacturers of wires and cables in South India. VASAVI Industries is a five decade old organization with an ISI certification & ISO 9001:2008 company certified.

ABOUT US

In the year 1969 the production of house wiring cables, industrial cables, aluminium cables, V.I.R cables and submersible cables under the name of "VASAVI BRAND" was started. The "VASAVI" brand in wires and cables became very popular in south India for its best quality and safety. The company attained ISI marking in the year 1984 and following ISI standards as per IS 694-1990. The Management brought in excellent organizational management and manufacturing skills to the company.

Mr. S. Sivaram Gupta
Founder

Vasavi Industries manufacturing unit is located at Guntakal, Andhra Pradesh. Under the dynamic leadership, care and concern of Mr. S. Sivaram Gupta the organization has grown to the maximum reputed level in wire and cable industry.

Vasavi Industries manufactures House wiring cables, industrial cables, V.I.R cables, Aluminium cables according to the international standards.

The product range includes:

PVC Insulated cables with copper conductor: 1.0 sq.mm to 35.0 sq.mm.

PVC Insulated cables with aluminium conductor: 4.0sq.mm to 50.0 sq.mm.

Single core VIR cables with bare copper conductor: 1/18 to 19/16 sizes.

Submersible cables from: 1.5 sq.mm to 10 sq.mm.

VISION

Being the largest and most diversified cable company in India through latest technology and to become a true global leader in the wire and cable industry.

MISSION

Drive long term profitable growth. Achieve market and thought leadership for brand "Vasavi" in India. Make Vasavi industries a great place to work. Going ahead with our valued principles, excellent quality and foreseeing vision, today we are counted amongst leading manufacturers and exporters of PVC insulated wires and cables.

Each meter of the P.V.C insulated cable is tested under high voltage condition to ensure the Highest safety, total security and maximum reliability. Our ISI mark, FIA (Fire Insurance Approval) and TAC (Tariff Advisory Committee) accreditations are proof of it. Every PVC cable is made from the best quality bright annealed electrolytic grade bare copper, bunched together that helps save energy. The superior grade high Di-electric strength and safety insulation compound offers complete resistance against short circuits & fire.

Our Specialities

- Over 50 years of proven quality
- Copper used is 99.997% pure
- 101% conductivity
- Twisted and Tested Conductor
- Flame Retardant (Fire proof)
- Perfect gauge and length
- Management as per International Standards (ISO)
- ISI since more than 3 decades
- Bright annealed EC grade copper used

Vasavi

House Wiring Cables

VASAVI MULTI STRAND SINGLE CORE UNSHEATHED FLEXIBLE CABLES WITH COPPER CONDUCTOR
IN VOLTAGE GRADE UPTO AND INCLUDING 1100 V (90MTRS)

Current carrying capacity
2 wires, single phase

Nominal area of copper Conductor	Number / Nominal Diameter of strands	Thickness of insulation (Nominal)	Approximate Overall Diameter of wire	In conduit / Trunking	Unenclosed - clipped directly to a surface or on cable tray Amps	Resistance (Max.) per km. @ 20°C
Sq.mm	mm	mm	mm	Amps	Amps	ohms
